

Quick Reference

Navigation and Searching for Products

Search Box (located at the top right corner)

- Within the text box, type the keyword(s) of a product, the manufacturer's model number, a Coburn's quick hit or a Coburn's part # and click on the SEARCH button.
- Search results include the Percent Matched based on the information the customer entered in the search box & the information found in the Coburn's products listing, a small thumbnail image (if available), product description, vendor name, Coburn's Part #, and the customer's price.

Detail Page

- From the search listing page (see above) you may click on the product you are interested in
- This page includes the products image (if available), a link to the products spec sheet or MSDS sheet (if available), the products description, manufacturer name, the customer's price, and availability of the item. If you are interested in ordering this product just click the button 'Add to Cart'.
- To view items in your cart you can click on the tab near the top called View Cart.

(For info on the Order Pad, click on Ordering Products in the main menu of the help section of www.coburns.com.)

Browsing the Catalog

- Click one of the category buttons on the left. The images on the center of the main page correspond with each of these categories.
- Clicking a button (or image) will show you a listing of categories that fall within that particular section. Continue clicking each section until you are able to locate the products you are looking for. Once you see the listing of products you may click on the product description to view the detail of that product (see Detail Page above) or you can click ADD TO CART on the right to order that product. *(For info on the Order Pad Feature, click on Ordering Products in the main menu of the help section of www.coburns.com)*

Breadcrumbs

- This feature will show you where you are when searching through the product catalog.
- When browsing the catalog (as mentioned above) you will see the breadcrumbs listed.
- You can quickly jump back to an earlier page by clicking any of these Breadcrumbs.

Order Pad Searching

- You may enter a part #, manufacturer #, keyword(s), or quick hit.
- If you entering a Coburn's Part # or quick hit correctly in the part# box & click Go the product will appear on your order pad
- If you enter a manufacturer # or keyword(s) a pop up will open with a listing of products. Scroll through the pages by clicking the numbers at the top. Clicking on the description will give you more information on that product. Once you find the product you are interested in you can click ADD TO CART on the left hand side and it will add that product to your cart. *(For info on the Order Pad Feature, click on Ordering Products in the main menu of the help section of www.coburns.com.)*
