 FS3/4C - Water Heaters
 FS1NPT - Water Heaters
 FS125NPT -Water Heaters

5 Reasons to Choose FloodStop:

- 1) FloodStop is the only product of its kind that uses solid (lead free) brass, motorize ball valves for every appliance in your home.
- 2) Units can be powered by batteries or AC
- 3) Water heater units are full port valves with zero pressure restriction and UPC approval.
- 4) Automatic monthly cycling of the valves.
- 5) Named one of Readers Digest top 100 new products.

Washing Machines
